

Sunset Park

On the inside of the street that loops around the park is a designated walking lane. This .44 mile loop is on pavement and is fully ADA accessible.

winds through some old growth timber that is part of the old river bed. The surface is wood chips and dirt and is rated easy to moderate.

Gypsum Hill Cemetery

This walk through the cemetery is designed to be a leisurely stroll that takes you to selected gravesites where you will learn the stories of people who helped shape our city and county. The walk is a 1.2 mile loop that starts at the cemetery office. The surface is paved and sand roads rated easy. Guide pamphlets are available at the Cemetery Office, Oakdale Office and the Parks and Recreation Office.

Salina Soccer Complex

Just east of the south parking lot is a short trail that leads to the Smoky Hill River. This 1/3 mile loop trail has a great overlook of the river and river access. The trail

Flood Control Dike System

Starting on the west side of town and going around the town to the north and back to Indian Rock Park is the flood control dike. Although this eight mile trail is not developed for a walking trail, it is flat, easy to walk and open to the public. It passes through Thomas Park and is suitable for bicycles.

WALK SALINA

**A GUIDE TO WALKING
AND BICYCLING
FACILITIES IN SALINA**

**CITY OF SALINA
PARKS & RECREATION
DEPARTMENT**

Walking, jogging, and bicycling benefit us in many ways, such as increased physical fitness, stress relief, and connecting with nature, to name a few. The City of Salina Parks and Recreation Department provides outdoor areas where these activities can be enjoyed. This pamphlet lists these areas and the facilities provided:

Lakewood Park

Located in the old lake bed and surrounding areas five different trails lead visitors through two miles of the park. Benches are conveniently located, allowing visitors a chance to rest and observe the surroundings. Trails meander along the shady shorelines, among deciduous woodlands and through the prairie ecosystem. Included in the system is a 13 station interpretive nature trail. The trails have a wood chip surface and are rated easy.

Trail guides with a map are available in the Lakewood Discovery Center, Oakdale Park Office and the Parks and Recreation Office.

Indian Rock Park

Indian Rock Nature Trail winds its way through scenic Indian Rock Park. This ¾ mile self-interpretive trail was designed to create awareness and appreciation for the cultural and natural history found within this park and to provide the opportunity for visitors to learn some interesting facts about its geology. This trail has a crushed limestone surface and is rated moderate.

Trail guides are available at the Lakewood Discovery Center, Oakdale Park Office and the Parks and Recreation Office.

Bill Burke Hiking/Jogging Trail

The north end of the trail starts at the north end of Bill Burke Park and follows the river under the Crawford Street bridge and then up to the flood control dike. It then follows the dike south to Magnolia Street/Salina Soccer Complex. Along the 3.1 mile length there are access points at East Cloud Street and Oxbow Park. The trail from Bill Burke Park south end to the flood control

dike is concrete and the rest is crushed limestone and suitable for bicycles. The access points in Bill Burke Park are also ADA accessible. Layouts of the trail are posted at each access point and the trail is rated easy.

Jerry Ivey Park

Located in Jerry Ivey Park is a one mile walking/jogging path designed with no street crossings. The trail is ADA accessible from the north end and is rated easy with a crushed limestone surface.
